30th July 07

Dear David,

Hope this letter finds you well. I wanted to take this opportunity to thank you on behalf of everyone at the DSA for your fantastic sponsorship donation of £320.00 for the London Marathon 2007. This has been a truly wonderful boost to our funds and our most grateful thanks go out to you and all of your supporters.

Your generous donation has been put to immediate good use in helping to fund our projects and services that support people with Down's syndrome as well as those who have a personal or professional connection with the condition. As you may know, the Association relies almost entirely on voluntary gifts and without such generosity it would be unable to continue its much-needed services.

The DSA continues to champion the rights of people with Down's syndrome and is proactive in their approach. This includes trying to enable people with Down's syndrome to have easier access to speech and language therapy, mainstream education and medical services. Our information team listens very carefully to it's callers and takes on board their wishes and needs for people with Down's syndrome. In response to these calls, we now have a very wide range of publications that support these wishes, most of which are free and available all year round.

Your donation will enable services like this and many more within the DSA to continue – thank you. If you would like any further information about up and coming events, or would like to come and visit our historic offices (based on the site of where Dr John Langdon Down used to live), please do not hesitate to give us a call.

With kind regards,

Lisa Howes
Events Administrator
